

## A 50-STATE COVID-19 SURVEY

By Matthew A. Baum, Hanyu Chwe, Roy H. Perlis, James Druckman, Jennifer Lin & Matthew Simonson

September 23, 2020

From August 7 to 26 a group of researchers from Northeastern University, Harvard University, Rutgers University, and Northwestern University conducted their ninth wave of a large, 50-state survey. They surveyed 21,196 individuals across all 50 states plus the District of Columbia. This was the ninth in a series of surveys we have been conducting since April 2020, examining attitudes and behaviors regarding COVID-19 in the United States.

Report #14, released this week, focuses on misinformation and vaccine acceptance.
