

An “Ashamed” Fox News Commentator Just Quit The “Propaganda Machine” | BuzzFeed

By Tom Namako

March 21, 2018

A retired United States Army lieutenant colonel and Fox News contributor quit Tuesday and denounced the network and President Donald Trump in an email to colleagues.

“Fox has degenerated from providing a legitimate and much-needed outlet for conservative voices to a mere propaganda machine for a destructive and ethically ruinous administration,” wrote Ralph Peters, a Fox News [“strategic analyst.”](#)

“Over my decade with Fox, I long was proud of the association. Now I am ashamed,” he wrote.
