

General Purpose AI Poses Serious Risks, Should Not Be Excluded From the EU's AI Act – Policy Brief | AI Now Institute

By AI Now Institute, Amba Kak, and Sarah Myers West

April 20, 2023

Today, AI experts and scientists led by Amba Kak and Dr. Sarah Myers West (AI Now Institute), Dr. Alex Hanna and Dr. Timnit Gebru (Distributed AI Research Institute), Maximilian Gahntz (Mozilla Foundation), Dr. Zeerak Talat (Independent researcher), and Dr. Mehtab Khan (Yale ISP) released a policy brief arguing that “general purpose artificial intelligence” (GPAI) carry serious risks and must not be exempt under the forthcoming EU AI Act. They were joined by over 50 institutional and individual signatories.
