Here's A Running List Of The Latest Disinformation Spreading About The Coronavirus | Buzzfeed News

By Jane Lytvynenko

March 16, 2020

> An outbreak of the novel coronavirus around the globe has spawned countless online rumors and hoaxes, promising false cures and causing panic amid uncertainty.
>
> BuzzFeed News is keeping a running list of debunked hoaxes. For a previous list of debunks from when the outbreak started, go here.
>
> Before passing on any online rumor, take the time to verify it. This can be done by checking how recently an account has been created, keeping a close eye on information from your local authorities, or searching key words to find another source.
