

Inside the Falun Gong Disinformation Machine | VICE News

By VICE News

August 9, 2021

The cultish Chinese spiritual movement Falun Gong isn't just speaking out against the Chinese government; it's increasingly weaving that narrative into American politics, using it against Democrats and the Biden administration, through a growing media empire that's pushing conspiracy theories and disinformation.

On this episode of VICE News Reports, we tell the story of how the little-known movement became one of the most influential digital publishers of anti-China, pro-Trump propaganda. Hear from Falun Gong supporters protesting in Queens, an ex-member of Falun Gong explaining his decision to leave, an expert in digital forensics and reporter Titi Yu about her experience watching *The Epoch Times* go from a small scrappy community newspaper to something way bigger.
