

Is There a Targeted Troll Campaign Against Lisa Page? A Bot Sentinel Investigation | Lawfare

By Christopher Bouzy

January 23, 2020

“Homewrecker.” “Traitor.” “Tramp.” These are just some of the insults flung at Lisa Page—the former FBI lawyer whom President Trump has targeted for her text messages critical of him during the 2016 election—in the almost 4,000 responses to a tweet she posted on Jan. 18.

Phrased like this, such insults might seem unsurprising, if gross. Public figures often receive online abuse, after all. But the replies to Page’s tweet stand out. They likely represent a targeted trollbot attack—one that nobody has reported on until now.

[...]
