

Opportunity: Request for Information on Federal Priorities for Information Integrity Research and Development | Federal Register

By Federal Register

April 20, 2022

The NITRD NCO and the NSF, as part of an interagency working group on information integrity, request input from interested parties on a range of questions pertaining to Federal priorities for research and development efforts to address misinformation and disinformation. The purpose of this RFI is to understand ways in which the Federal Government might enable research and development activities to advance the trustworthiness of information, mitigate the effects of information manipulation, and foster an environment of trust and resilience in which individuals can be discerning consumers of information.
