

# Health misinformation website rebrands as pro-Trump outlet to get around ban from Facebook | Politifact

By Daniel Funke

June 5, 2020

A website that was banned from Facebook rebranded as a pro-Trump news outlet to reach its audience, peddling debunked claims about the nationwide Black Lives Matter protests.

Natural News was one of the websites that promoted “Plandemic,” a viral documentary [that made a slew of false claims](#) about COVID-19. On May 29, [NBC News reported](#) that Facebook banned Natural News content on its platform.
