

Russia blocks Radio France Internationale, Moscow Times websites | Reuters

By Reuters

April 15, 2022

Russia has blocked access to the websites of Radio France Internationale and the Russian-language service of The Moscow Times, the communications regulator said, in the latest restrictions on media since Russia invaded Ukraine.

The Moscow Times, whose English-language website was unaffected, said in a statement the move was due to a story about the conflict in Ukraine. RFI, which broadcasts in 16 languages including Russian, said it had not been provided with an explanation.
