

Russian disinformation ‘ongoing problem’ says FBI chief | BBC

By BBC News

February 6, 2020

Russia is still interfering in US politics, according to FBI director Christopher Wray.

He was answering questions about online disinformation at a US House judiciary committee hearing.

“We are seeing, and have never stopped seeing, efforts to engage in malign foreign influence by the Russians,” he told lawmakers.

China is also using disinformation campaigns to shift government policy and public opinion, he said.
