

Spotify Was Never Going to Drop Joe Rogan | WIRED

By Kate Knibbs

January 28, 2022

This week, Spotify removed the musical catalog of Neil Young from its platform. On Monday, the legendary rocker published a letter decrying the Swedish streamer for spreading false information about Covid-19 vaccines. In it, he cited the Spotify-exclusive podcast *The Joe Rogan Experience* in particular: “They can have Rogan or Young. Not both.” Spotify quickly made its choice—Rogan.
