

The Hunter Biden Laptop Story Makes Another Case Against ‘Misinformation’ Bans | Reason

By Elizabeth Nolan Brown

March 18, 2022

Another example of how combating “misinformation” may obscure the truth. It’s become popular in certain political and media circles to say social media must clamp down harder on false information. Some lawmakers have even threatened tech companies with severe consequences for failing to stop the spread of fake news. But the idea that these companies could ever do this adequately is laughable—something driven home by new reporting on Hunter Biden’s laptop.

[...]
