

Twitter: Laura Ingraham tweet broke rules against coronavirus misinformation | POLITICO

By Cristiano Lima

March 31, 2020

Fox News host Laura Ingraham has deleted a tweet touting an unproven coronavirus treatment that a Twitter spokesperson said today ran afoul of its rules against misleading health information.

Ingraham earlier this month tweeted praise for hydroxychloroquine, an anti-malaria drug championed by President Donald Trump as a potential treatment for the virus, despite little evidence to that effect.

[...]
